ABOUT US

Founded in 2000, **Star Sportswear** is a leading Pakistani textile **manufacturer specializing in high-quality sportswear, casual wear, and leisurewear.**

With over two decades of industry experience, **we proudly serve clients across the US and Europe**, delivering performance-driven apparel for sports like American Football, Baseball, Hockey, and Soccer.

Our commitment to **affordable pricing, superior quality, and on-time deliveries** has earned us long-standing partnerships with brands and distributors worldwide.

Whether you're looking for **customized team uniforms or everyday activewear**, Star Sportswear is your trusted partner in excellence.

PURPOSE & MISSION

Vision

To become a globally recognized name in sportswear manufacturing by consistently delivering high-performance, affordable apparel that empowers athletes and active individuals. We envision Star Sportswear as a trusted partner for international brands, known for our unwavering commitment to quality, reliability, and innovation in every stitch.

Mission

At Star Sportswear, our mission is to design, manufacture, and deliver high-quality sportswear, casual wear, and leisurewear that meet the evolving needs of global markets. We are committed to providing our clients with reliable service, cost-effective solutions, and products that reflect excellence in craftsmanship and performance. Through continuous improvement and ethical business practices, we aim to build lasting relationships and contribute to the growth of our partners and the apparel industry.

What Sets Us Apart

- **On-Time Deliveries:** We understand the importance of deadlines and guarantee timely delivery for every shipment.
- **Premium Craftsmanship**: From double-stitched seams to moisture-wicking fabrics, our attention to detail ensures garments built to last.
- **Competitive Pricing:** We optimize every step of production to offer unmatched value.
- **Specialization:** Deep technical knowledge in American football, baseball, hockey, and soccer ensures that your team gear isn't just about aesthetics—it delivers performance.

PRODUCTION OPERATIONS

We are a partially integrated garment manufacturing company based in Pakistan, specializing in sportswear, casual wear, and leisurewear. With in-house fabric development, circular knitting, cutting, stitching, and packing capabilities, we offer end-to-end solutions under one roof. Our facility includes over 100 stitching machines and a skilled team that manages everything from sampling and design to final export. We proudly serve US and European markets with high-quality, affordable, and timely delivered apparel.

DAILY CUTTING CAPACITY

4000-5000 pcs depending on the complexity of the garment.

CUTTING DEPARTMENT HIGHLIGHTS

- Daily cutting capacity of 5,000–7,000 pieces, supporting high-volume production.
- Equipped with 6 KM-branded fabric cutters for precision and efficiency.
- Features a 32-foot-long cutting table, ideal for handling bulk markers and large fabric spreads.
- Fabric storage capacity of 10,000 kg, ensuring continuous cutting operations without delays.
- Skilled cutting team ensures accurate patterns, minimal wastage, and optimized fabric utilization.
- Seamlessly integrated with upstream knitting and downstream stitching for smooth workflow and lead time control.

STITCHING DEPARTMENT

Stitching Department Highlights

- Equipped with 125+ sewing machines of different types
- Use of computerized sewing machines ensures consistency, speed, and precision in high-detail stitching
- A total of 5 dedicated production lines, designed for streamlined workflow and maximum productivity
- Daily output per line ranges from 750 to 1,250 pieces, depending on garment type and complexity
- Monthly stitching capacity of 110,000 to 185,000 pieces
- Powered by a team of 100+ skilled stitching professionals
- Rigorous in-line and end-of-line quality checks are implemented across all stitching lines to maintain consistent workmanship and product integrity.
- Capacity and manpower are scalable based on client needs, seasonal demand, or special projects.
